Core Competencies

Are you moving? Remodeling? Restacking your employees? Technical Source is an expert in computer relocation. We make sure that as far as the computers and servers go all your client has to do is log off on move day and log back in on Day 1.

We specialize in:

- Computer Disconnect and Reconnect
- Server Disconnect/Unrack/Reconnect/Dress
- Connectivity/Power Testing
- Help Desk Support
- Post Move Support
- Computer Software Refresh and Update
- Hardware Updates
- Mounting Arms to Desk
- Mounting Monitors to Arms
- New Equipment Deployment
- System Cleaning
- I.T Staff Augmentation/Contracting

Differentiators

- Our Motto is...You are only as good as your last job
- Our PM's are always the first onsite and the last off
- Our Staff have received excellent comments about their professionalism, expertise and knowledge, and their desire to provide customer satisfaction. They take pride in their work and it shows.
- We Recycle/Reuse our equipment/products until they are no longer usable
- We are quick, efficient, and always hit our deadlines
- Experience, we typically relocate 20,000+ systems per year
- 20 years of experience has taught us that our process is the key to our success, but that it always needs to evolve to fit our clients unique individual needs
